Easy to install

STEP 1. Measure

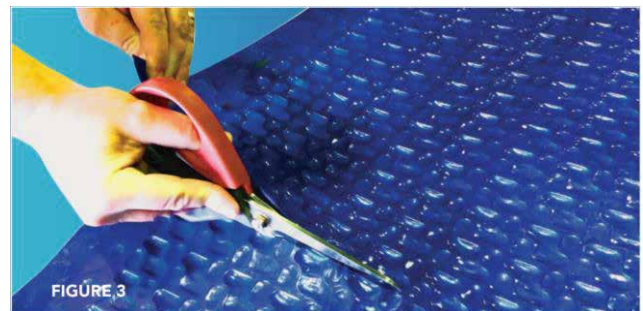

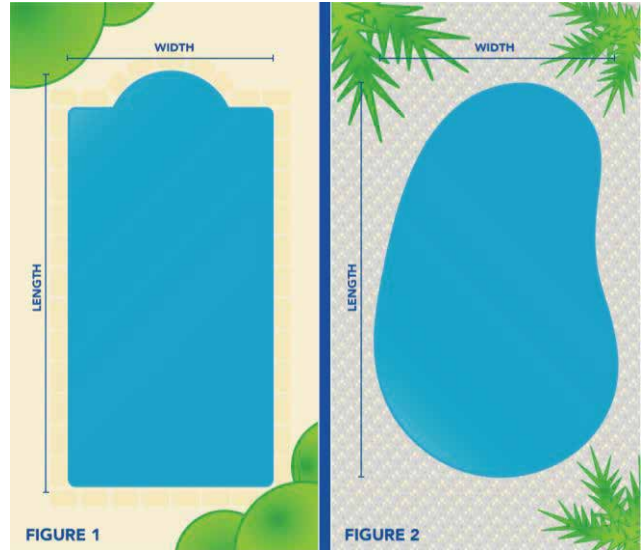

Simply measure the width and length of your pool. Ensure you measure the widest and longest point to ensure complete, edge to edge coverage. (See Figures 1 and 2)

STEP 2. Place on pool

Once you receive your Sunline Pool Cover, place it on the pool. Check the weather to ensure a calm, wind-free day. Cover the pool edge to edge and allow the blanket to settle for 2-3 hours.

STEP 3. Cut to size

Using sharp scissors, trim the excess from the Sunline Pool Cover. Trim carefully around all sides and edges to ensure the blanket touches each edge when sitting on the pool. This prevents leaves, dirt and debris from making their way into the pool while covered. (See Figure 3)
